

XMPP: The Definitive Guide (Paperback)

By Peter Saint-Andre, Kevin Smith, Remko Troncon

O'Reilly Media, Inc, USA, United States, 2009. Paperback. Condition: New. Language: English . Brand New Book. This practical book provides everything you need to know about the Extensible Messaging and Presence Protocol (XMPP). This open technology for real-time communication is used in many diverse applications such as instant messaging, Voice over IP, real-time collaboration, social networking, microblogging, lightweight middleware, cloud computing, and more. XMPP: The Definitive Guide walks you through the thought processes and design decisions involved in building a complete XMPP-enabled application, and adding real-time interfaces to existing applications. You'll not only learn simple yet powerful XMPP tools, but you'll also discover, through real-world developer stories, how common XMPP building blocks can help solve particular classes of problems. With this book, you will: Learn the basics of XMPP technologies, including architectural issues, addressing, and communication primitives Understand the terminology of XMPP and learn about the wealth of XMPP servers, clients, and code libraries Become familiar with the XMPP concepts and services you need to solve common problems Construct a complete business application or real-time service with XMPP Every day, more software developers and service providers are using XMPP for real-time applications, and with the help of...

Reviews

The ebook is easy to go through easier to recognize. We have studied and I am certain that I will plan to read through once again in the future. I am quickly getting a pleasure of studying a composed publication.

-- Prof. Adah Mertz Sr.

This pdf can be worthy of a read through, and superior to other. It generally does not expense excessive. It's been printed in an exceptionally simple way and it is just soon after I finished reading this ebook in which in fact modified me, change the way I really believe.

-- Mr. August Hermiston PhD
