Understanding and Applying Mathematical Concepts The goal of the Bittinger Concepts and Applications Series is to help today s student learn and retain mathematical concepts. This proven program prepares students for the transition from skills-oriented elementary algebra courses to more concept-oriented college-level mathematics courses. This requires the development of critical-thinking skills: to reason mathematically, to communicate mathematically, and to identify and solve mathematical problems. The new editions support students with a tightly integrated MyLab(TM) Math course; a strong focus...
