AUTHORHOUSE, United States, 2010. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.If you ask a child in the primary grades to tell you the name of an animal or sea creature they learned about, while studying life in the ocean or under the sea, the most common answer will usually be shark, fish, or whale. Well, the main character of this story has had enough and feels it is time to share their magical secret. Though they are not much to look at or very entertaining, this character knows that oysters have an amazing gift to turn sand into precious treasure. This story shares the same wonder and awe of all sea creatures, with beautiful, vibrant illustrations and a playful rhyme, while giving oysters their fame in the spotlight and chance to share their attributes with those eager young minds in the classroom. It helps to deliver the message that no matter how small or insignificant you may seem to be, we are all capable of making magic.
