Reviews

I actually started reading this article ebook. I have got read and so i am certain that i will going to study once more yet again in the future. I am just very happy to inform you that this is the finest publication we have read in my personal lifestyle and may be he finest ebook for ever.

(Mrs. Clotilde Hansen II)

ECTOPIC PREGNANCY: DIAGNOSIS AND MANAGEMENT

CAMBRIDGE UNIVERSITY PRESS, United Kingdom, 2003. Paperback. Book Condition: New. New. 242 x 188 mm. Language: English . Brand New Book ***** Print on Demand *****.This concise yet immensely practical handbook provides the busy clinician with a self-contained account of the diagnosis and management of ectopic pregnancy. Such pregnancies, which develop outside the normal confines of the uterine cavity, are a relatively common occurrence and there is some evidence their prevalence is increasing. There is therefore a need for a practical and focused account which assesses and evaluates the important clinical issues. The emphasis throughout is to clearly summarise and provide rapid solutions to the most difficult problems posed by ectopic pregnancy. The text is fully supported by numerous and helpful ultrasound images, line diagrams illustrating surgical techniques, and by highlighted summaries of key facts and decision trees.
