Discover the Secret to Being a Secret. Online Imagine if you could remain hidden from prying eyes on the internet. If you could leave zero traces or clues to your online whereabouts. Just picture being able to evade Big Brother watchdogs that hawkishly observe the internet, invasively prying on all your personal affairs. And up until now, there has been very little progress made in the way of penetrating Tor completely. If used properly, surveillance agencies should not be able to see internet activity. And now, with this comprehensive book, you ll learn ALL the secrets to remaining hidden in plain sight -away from snoopers, watchdogs, nosy Nancies, power trippers, authority figures, and slimy marketers.
