Reviews

This is actually the finest ebook i have got study till now. I actually have go through and that i am sure that i am going to likely to read once again once again later on. Its been developed in an extremely straightforward way and is particularly simply soon after i finished reading through this ebook through which actually modified me, change the way i really believe.

(Mrs. Maybelle O'Conner)

THEORIES OF COMPARATIVE POLITICS: THE SEARCH FOR A PARADIGM RECONSIDERED, SECOND EDITION (PAPERBACK)

Taylor Francis Inc, United States, 1994. Paperback. Condition: New. 2nd New edition. Language: English . Brand New Book. Extensively revised and updated, this classic text revisits the central problem of searching for mainstream and alternative paradigms to guide us in comparative political inquiry. Building upon the first edition's comprehensive and systematic overview of frameworks, ideologies, and theories, the second edition highlights new directions and developments over the past decade, including the continuation of an ideological political science methodological innovations such as rational-choice, historical, and postbehavioural approaches new emphases on and links between political culture and participation the recasting of modernization theory and the revitalization of class analysis and a thoroughgoing post-Keynesian political economy point of view. The second edition continues the tradition of the first in updating what one reviewer commended as outstanding, excellent annotated bibliographies at the end of each chapter and the thorough survey of the general literature of comparative politics at the end of the book. In addition, the new edition includes an appendix of definitions that facilitate clarity and understanding of political science terminology, important for students at every level from the introductory on up. In a post-Cold War world in which challenges to comparative inquiry abound, ethnic conflict, authoritarian repression, state building and disintegration, new industrialization and postindustrialization, security systems redefined, the search for new paradigms that Theories of Comparative Politics represents gains in importance daily.
