Excerpt from Somerset County Historical Quarterly, 1917, Vol. 6 Early English historians could hardly have been expected to do justice to Scotch emigrants to this country, or even to the horrors of life in Scotland previous to their migration. After the lapse of more than a century, however, there began to creep into the histories of Britain, written by Englishmen, some faint glimmers of the truth. Among the first of his countrymen, Macauley admitted the facts, and he well summed up the particular period to which I shall later refer, when, in one of his celebrated essays in 1835, he wrote: The contest between the Scotch nation and the Anglican Church had produced near thirty years of the most frightful misgovernment ever seen in any part of Great Britain. It was this misgovernment, carried on by Kings, bishops and armies, which turned Scotland into a place of torment for a far longer period than thirty years; and it was only the hardihood, obstinacy, valor and intensely independent and irrepressible spirit of the Scottish race which enabled the people, even in part, to survive the catastrophe.
