iUniverse, 2016. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. At the end of the day, Taboo Tabernacle isn't just about taboo topics like sex, drugs, rock n roll, religion, politics, faith, witchcraft, and cannabis. It isn't even about science, math, history, medicine, justice or apologetics; although, there is much of that in it. It's about connecting people to Christ in a way that can not only surprise them, but can electrify them. From the depths of space to the lowest sub-atomic particle in the human body, the sustainer's fingerprint is everywhere. I want to help people get so excited about God's amazing love that they can't stop talking about it. From the balanced believer to the super secularist, I believe that all people suffer from false presuppositions about life and the way things are at one point or another. Whether it's from the way we were raised, something traumatic that happened to us growing up, or perhaps it is simply the default consensus opinion of the culture we are currently in; we all have presuppositions, some true and some false. I would like all of us to start breaking down the man-made walls of false presupposition that separate us today, and replace them with bridges of truth and understanding from a biblical worldview that makes sense in both the physical world and spiritual realm. Get ready to look at life through a whole new lens.
