Reviews

Without doubt, this is the best operate by any publisher. I was able to comprehend everything out of this written e publication. Its been developed in an remarkably easy way which is only following i finished reading through this ebook by which basically altered me, modify the way i believe.

(Dr. Ofelia Grant Sr.)

SHOGUN DAIMYO

Different Worlds Publications. Paperback. Book Condition: New. Paperback. 344 pages. Dimensions: 10.9in. x 8.1in. x 0.9in. The samurai ruled the Land of the Rising Sun from the end of the 12th century to the middle of the 19th century. At the top were the Shogun, the military dictators who dominated Japan as regents to the Emperors. Below the Shogun were the daimyo, provincial warlords who governed their individual fiefs with virtual sovereignty. Shogun and Daimyo provides detailed information on the three dynasties of Shogun and one Shogunal Regency that dominated Japan during the feudal era, along with 171 daimyo clans that were defeated, dispossessed, or otherwise dissolved before the end of the samurai era. The information is organized as an handbook for creating more realistic backgrounds for role-playing games, boardgames, miniatures games, and computer games. It is also useful for those writing historical novels, screenplays, graphic novels, comic books, anim, and other creative works. Background material includes history, government structure, and a kanji primer. For gamers, a campaign setting is provided, along with notes on road travel, gazetteers of the major routes, and the use of mon family crests. There is also a special section on samurai cinema with plot synopsis and recommendations for 103 chanbara movies and TV shows. Shogun and Daimyo is a companion to Daimyo of 1876 (Different Worlds Publications 2010). The two books together cover all the major clans and prominent families of feudal Japan. Among the Shogun and daimyo in this book you will find: Taira Kiyomori, the warrior-general who established the first samurai-dominated government in the history of Japan Minamoto Yoritomo, Japans 1st Shogun and eminent administrator, who moved his military government to Kamakura, far from the meddling influences of the Imperial Court in Kyoto Ashikaga Takauji, the controversial samurai general who fought for the...
