Adapting to the curves, twists, and turns travelling down the path in life, yet still finding love, joy, and passion can be quite a challenge. By necessity I became a single mother of two sons, raising them alone for the last eighteen years. There were often times of struggle during this time, still there was always a silver lining to be found. I learned the lessons of unconditional love, gratitude and patience, and to rely on my spirituality during the darker times. I was able to overcome obstacles and find strength from the love and support of my family. I wrote Love, Life, and Passion, Reflections of My Soul, to share my thoughts, memories, and feelings of a life that was not lived according to my original plan, but instead of a life adapting to forces beyond my control. Love is truly the strongest element in the universe and when all may seem lost, is what gives you the courage to dig down deep and persevere. This item ships from multiple locations. Your book may arrive from Roseburg, OR, La Vergne, TN. Paperback.
