Classic Collection, United States, 2015. CD-Audio. Book Condition: New. Unabridged. 170 x 132 mm. Language: English . Brand New. The final installment of Churchill's ambitious four-volume history. The fourth and last volume in Churchill's famous account spans from 1815 to 1901. It closes when the British Empire is at its peak, with a staggering one-fifth of the human race presided over by the longest reigning monarch in British history: Queen Victoria. In America, he assesses the position of the Great Republic from slavery and secession to its position as a world superpower. He charts the rise of Germany and the unification of Italy and examines the situation in the Balkans in 1878, all of which had a deep impact not only on the war he was soon to fight, but on the geography of the European continent today. This work is part of Brilliance Audio's extensive Classic Collection, bringing you timeless masterpieces that you and your family are sure to love.
