Outskirts Press, United States, 2011. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. My theory of the mystery of life begins before time, space and matter as we know it. We were contaminated by the force that took satan outside the realm of the kingdom of God. But God had mercy on us because of our pleading for mercy. His plan involved a discarded planet created long ago, this planet that we now find the fossils of dinosaurs in. This love of God is placed in our hearts, the core of our minds, at birth. Through the time tested truth we come to realize that our God is truly a wonderful Father calling out to us our whole lives. The flesh and its desires truly was the optimum test. If not for Gods sacrificial love this salvation was proven virtually impossible. Because this plan involved so many souls it was going to take a very long time in this universe of time space and matter to accomplish. I believe that we must...
