Reviews

This composed pdf is great. This can be for all those who statte that there was not a well worth looking at. I am just happy to explain how this is actually the finest pdf we have go through inside my own daily life and could be he greatest publication for ever.
(Conrad Heaney)

THE SEVEN LAYERS OF INTEGRITY(R)

AUTHORHOUSE, United States, 2006. Paperback. Book Condition: New. 223 x 147 mm. Language: English . Brand New Book ***** Print on Demand *****. Can you teach people to behave ethically? That s the question being asked by business leaders and business school administrators across America as our country witnesses a wave of financial scandals. The Seven Layers of IntegrityT both answers that question and provides a model that serves as a learning tool and a decision-making mechanism. The authors believe people can be taught to behave ethically - and they start by examining the reason people raise this question in the first place. Common thinking is that by the time people reach adulthood their value systems are already in place - they are either ethical or not ethical. This is classic contemporary American thinking characterized by binary, mutually exclusive options, sound bite analysis, and an easy litmus test for the integrity of degree candidates, job applicants and business people. As with most ideas having these characteristics, it falls apart under even limited scrutiny. The solution to the business ethics problem really lies in corporate culture, and the authors speak from their own familiarity, after years of business consulting, with the impact of corporate culture on human behavior. The number of ethical dilemmas available to the human race is without limits. Therefore, it is imperative that we teach people how to think about the decisions they may face. Management and employees need an understanding of how to approach and resolve the day-to-day ethical questions encountered in a business setting. Standards of behavior do exist and The Seven Layers of IntegrityT provides a method for examining those standards. But in addition, people going into business should have a process to use when encountering newterritory, a model that helps to clarify their thinking...
