LINEAR ALGEBRA AND GEOMETRY: A SECOND COURSE

Dover Publications. Paperback Book Condition: New. Paperback. 176 pages. Dimensions: 8.3in x 5.3in x 0.4in. A prominent and influential mathematician who has received numerous awards wrote this text to remedy a common failing in teaching algebra: the neglect of related instruction in geometry. Based on his many years of experience as an instructor at the University of Chicago, author Irving Kaplansky presents a coherent overview of the correlation between these two branches of mathematics, illustrating his topics with an abundance of examples,...

Reviews

Very helpful to all class of folks. Better than never, though I am quite late in start reading this one. You can expect to like just how the blogger create this pdf.

-- **Mandy Larson**

This book is really gripping and fascinating. Of course, it is actually play, nonetheless an interesting and amazing literature. You will not feel monotony at anytime of the time (that's what catalogs are for about if you request me).
