Excerpt from Report of the Committee on Education Transmitting to the One Hundred and Forty-Third Session of the New Jersey Legislature the Findings, Judgments and Recommendations of the Committee Realtive to the Study and Revision of the State School Law, 1919 In View of the fact that the State of New Jersey has more than invested in school property and is annually disbursing for the maintenance of these schools, together with the constantly increasing im portance and magnitude of our school affairs, and in view of the almost endless number of suggestions that were presented to the committee during this one year of its school survey, we most emphatically recommend that, in the future, there be annually a joint legislative committee on education to co - operate with the State Board of Edu cation, with positive instructions to such committee thatwill assure a yearly survey of the schools and a report to be presented to the Legislature at the opening of the sub sequent session, and further that there shall be annually authorized an appropriation adequate to defray the ex penses of such work. Submitted this twenty-eighth day of January, one thou sand nine hundred and nineteen, as directed by a resolu tion adopted by the One Hundred and forty-second House of Assembly.
