Lifestyle Navigation: Creating a Philosophy of Life (Paperback)

By John Gordon Youden

Createspace, United States, 2015. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. In order to get to where we want to be, we first have to know where we are and where we ve been, even in a fog. And to have a good time while doing so. The Captain-a sailor, physicist, and somewhat of a mystic who shared his philosophy of life with the author one summer in Northern Canada-used the above and other nautical motifs to illustrate his personal philosophy, which emerged during his years in India, was refined through his work as a scientist, and gained further depth and substance as he sailed the world s seas. The Captain believed we can find purpose in life through the study of evolution, discover our true selves by understanding the power and influence of worldviews, and lead a fulfilling and successful life by improving our ability to be mindful. He developed a vertical and horizontal model to reveal how consciousness unfolds both within and without, along with a plan to reach higher levels of consciousness. He also identified energy sources we can tap into for help in developing to our fullest. For more...

Reviews

The ideal pdf i at any time read. I am quite late in start reading this one, but better then never. You will like the way the author create this book.
-- Eliane Bednar

Unquestionably, this is actually the very best job by any publisher. It really is basic but unexpected situations within the 50 % from the book. I discovered this book from my dad and i advised this publication to discover.
