The intention of this program is to tap into the Universal Intelligence of each child. Each of the 21 Lessons is divided into three parts: a discussion, an exercise and a worksheet. The discussion introduces the topic with a question. Several questions follow so that you can engage your kids in a conversation. Next, you have a short exercise to practice the lesson, and lastly a worksheet to follow up on the exercise, which includes suggestions to use outside of class. Program Objectives And Impact Of The 21 Lessons Presented In This Book: * This program of life principles is designed to supersede all personal stories and bring out a child s enlightened self. * These heart-centered conversations activate soul remembrance and tap into the quantum field (multi-dimensionality) in which everything is available. * Children will get to experience how powerful and valuable they truly are, not because of anything they ve accomplished, but because that is the nature of their being. * The topics and discussions assist a child to get out of blame and step into a creative space of living a purposeful life, thereby being a contribution to humanity.
