

Statisticians of the Centuries

Filesize: 2.32 MB

Reviews

This pdf may be worth acquiring. It can be written in easy words and phrases and not hard to understand. I am pleased to tell you that this is basically the finest book I have read through during my personal existence and might be the greatest pdf for at any time.

STATISTICIANS OF THE CENTURIES

[DOWNLOAD](#)

Book Condition: New. Publisher/Verlag: Springer, Berlin | Statisticians of the Centuries aims to demonstrate the achievements of statistics to a broad audience, and to commemorate the work of celebrated statisticians. This is done through short biographies that put the statistical work in its historical and sociological context, emphasizing contributions to science and society in the broadest terms rather than narrow technical achievement. The discipline is treated from its earliest times and only individuals born prior to the 20th Century are included. The volume arose through the initiative of the International Statistical Institute (ISI), the principal representative association for international statistics (founded in 1885). Extensive consultations within the statistical community, and with prominent members of ISI in particular, led to the names of the 104 individuals who are included in the volume. The biographies were contributed by 73 authors from across the world. The editors are the well-known statisticians Chris Heyde and Eugene Seneta. Chris Heyde is Professor of Statistics at both Columbia University in New York and the Australian National University in Canberra. Eugene Seneta is Professor of Mathematical Statistics at the University of Sydney and a Member of the ISI. His historical writings focus on 19th Century France and the Russian Empire. Both editors are Fellows of the Australian Academy of Science and have, at various times, been awarded the Pitman Medal of the Statistical Society of Australia for their distinguished research contributions. | 16th Century.- Probability Prior to Pascal.- 17th Century.- Pierre de Fermat.- John Graunt.- Blaise Pascal.- Christiaan Huygens.- Caspar Neumann.- Jakob Bernoulli.- John Arbuthnot.- 18th Century.- Abraham de Moivre.- Pierre Rémond de Montmort.- Nicolaus Bernoulli.- Daniel Bernoulli.- Thomas Bayes.- Johann Peter Süssmilch.- Georges-Louis Leclerc, Comte de Buffon.- Rogerius Josephus Boscovich.- D–alembert.- Marquis de Condorcet.- 19th Century.- Pierre-Simon Marquis de Laplace.- Adrien-Marie Legendre.- William Playfair.- Thomas...
