Forgotten Books, 2017. Paperback. Condition: New. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*. Excerpt from Junior Grade Science: An Introductory Course of Physics and Chemistry for Irish Intermediate Schools IN the compilation of this book the object has been to provide in convenient form a course in Physics and Chemistry suitable for use in connection with the new syllabus prescribed for Junior Grade students by the department of Agriculture and Technical Instruction for Ireland. It is interesting to note, in connection with the new Irish syllabuses in science, that they anticipate by about a year the conclusions of Sir J. J. Thomson s Committee appointed to enquire into the Position of Natural Science in the Educational System of Great Britain. The report states that A general course in science should fulfil two functions; (a) it should train the mind of the student to reason about things he has observed for himself and develop his powers of weighing and interpreting evidence; (b) it should also make him acquainted with the broad outlines of great scientific principles, with the way in which these principles are exemplified in familiar phenomena and with their applications to the service of man. Further,...
