Forgotten Books, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.Excerpt from *The Advanced Third Reader* Teachers who have used the lower books of this Series know that their aim is to teach children to write good English, as well as to read correctly. In the Primer the little ones copy, at first, only two words in script; then a line, making a complete sentence. Afterwards two, three, and four lines are given. This prepares the children to copy the Letters found in the First Reader. The Second Reader goes a step farther, giving little stories or conversations, to be copied by the pupils, or written from dictation at the discretion of the teacher. All this preparatory drill should qualify the children to Express their own Thoughts in orderly sentences, according to any plan suggested by the teacher; therefore, the Third Reader provides for constant practice in language-lessons, and in simple compositions. If children are required to think, and to express their ideas, orally or in writing, they must have material for thought. In this Reader every effort has been made to interest the pupils, so that they shall be impelled to read each Lesson with the requisite spirit and variety of inflection, and be enabled, at the same time, to gather material for language lessons. The stories in the first part of the book, set forth a few simple facts in Natural History, directing children how to tell whether an animal belongs to the flesh-eating, gnawing, or chewing order. To further this practical work, the illustrations have been carefully prepared, and are worthy of study in connection with the subject presented.
