Derived from the renowned multi-volume International Encyclopaedia of Laws, this book provides ready access to the law applied to cases involving cross border issues in Costa Rica. It offers every lawyer dealing with questions of conflict of laws much-needed access to these conflict rules, presented clearly and concisely by a local expert. Beginning with a general introduction, the monograph goes on to discuss the choice of law technique, sources of private international law, and the relevant connection with other laws. Then follows clear description and analysis of the rules of choice of law on natural and legal persons, contractual and non-contractual obligations, movable and immovable property, intangible property rights, company law, family law (marriage, cohabitation, registered partnerships, matrimonial property, maintenance, child law), and succession law (including testamentary dispositions). The presentation concludes with an overview of relevant civil procedure, examining *lex fori* and issues of national and international jurisdiction, acceptability and enforcement of foreign judgements, and international arbitration. Its succinct yet scholarly nature, as well as the practical quality of the information it provides, make this book a valuable resource for lawyers handling cases in Costa Rica.
