Grin Verlag. Paperback. Condition: New. 28 pages. Dimensions: 8.5in. x 5.5in. x 0.1in. Studienarbeit aus dem Jahr 2009 im Fachbereich Politik - Internationale Politik - Thema: Europäische Union, Note: A, Europa-Universität Viadrina Frankfurt (Oder), Veranstaltung: Institutionen und Politiken der Europäischen Union, Sprache: Deutsch, Abstract: This homework, written in German, is pointing out the basic arguments against Turkey's accession to the European Union, splitting them into the three Weberian terms ideas, institutions and interests. I will give examples for every term and discuss them later on while showing that there mostly is also a positive aspect to every drawback, e. g. for the proposed waves of Turkish immigrants in case of a Turkish EU-membership. I will eventually conclude that Turkey's membership is actually making sense in the long run but cannot possibly be achieved without a) a steadier progression of reforms in Turkey and b) a reformation of the obsolete EU institutions as given in the current Treaty of Lisbon. This item ships from multiple locations. Your book may arrive from Roseburg, OR, La Vergne, TN. Paperback.
