

## Coping with OCD: Practical Strategies for Living Well with Obsessive-Compulsive Disorder

Filesize: 5.24 MB

### **Reviews**

*Undoubtedly, this is the best function by any writer. This really is for those who statte there was not a really worth reading. Its been written in an exceptionally basic way which is merely right after i finished reading through this book by which really transformed me, change the way i really believe.*

## COPING WITH OCD: PRACTICAL STRATEGIES FOR LIVING WELL WITH OBSESSIVE-COMPULSIVE DISORDER

New Harbinger Publications. Paperback. Book Condition: new. BRAND NEW, Coping with OCD: Practical Strategies for Living Well with Obsessive-Compulsive Disorder, Bruce M. Hyman, Troy DuFrene, Do you know about the Doomsayer? He's the guy dressed in ragged clothes, hanging around on street corners with a cardboard sign that reads, 'The End Is Near!' He's always ready to tell you that mobile phones cause cancer, air traffic fatalities are up this year, and locusts are poised to swarm the city. Having OCD is a lot like having this character living inside your head. He's with you all the time; he knows your deepest fears, and he's not afraid to use them. You try to brush him off at first, but he's so sure of himself, so persistent that you find yourself taking his proclamations to heart. And you worry - a lot. Is my mobile giving me a tumour? What about those locusts? The anxiety of not knowing is unbearable. After a while, you start engaging in little rituals to keep the Doomsayer at bay. You wash your hands three times after you make a phone call. You check the garden once, twice, three times for locusts. You get little relief from your rituals, though. Soon the Doomsayer is onto that trick, and the doubting comes back with a vengeance. What can you do? A lot, it turns out. "Coping with OCD" offers a simple and engaging programme that can get anyone with mild to moderate OCD started on the road to recovery. The book begins with a crash course on what OCD is - and what it is not. Readers will learn to think realistically about their condition and how it is likely to change over time. The book proposes a three-part programme for recovery that uses safe and gradual exposure to...
