Createspace, United States, 2014. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.Is this the book that inspired Sherlock Holmes? Appearing in 1871, sixteen years before the great British detective made his appearance, the Frenchman Maximilien Heller was a misanthropic, drug taking private detective with an extraordinary gift for observation and logical deduction, and fully conversant with the chemical science and forensic practices of the day. He was a master of disguise and his audacious exploits were chronicled by his friend and confidant, a doctor. Sound familiar? Be that as it may, *The Killing Needle* is a seminal work by any standards: fast moving, well plotted and well written, it chronicles the adventures of a talented young detective determined to risk all to save an innocent man and bring a master criminal to justice. Published before *The Big Bow Mystery* and before *The Mystery of the Yellow Room*, it is also a locked room milestone, the first to use a technique cited in the Clayton Rawson/John Dickson Carr locked room lectures. For information about other locked room/impossible crime novels, including the works of Paul Halter, one of the contemporary masters of the genre, please visit:
