

Igniting Innovation: Rethinking the Role of Government in Emerging Europe and Central Asia (Paperback)

By Itzhak Goldberg

World Bank Publications, United States, 2011. Paperback. Condition: New. Language: English . Brand New Book. Innovation and technology absorption are now firmly recognised as one of the main sources of economic growth for emerging and advanced economies alike. That is why innovation is seen as a possible catalyst for revitalising post-transition economies hit hard by the recent financial and economic crisis. Is government intervention needed to foster innovation in post-transition economies? This is the central question to which this book responds. The answer is yes, but a qualified yes. Innovation activities are rife with market failures that tend to hold back private investment. And badly designed or badly implemented interventions can further hamper the development of an innovative and entrepreneurial culture among businesses and research communities. This book builds on the lessons from public institutions and programs to support innovation, both successful and failed, from Eastern Europe and Central Asia as well as China, Finland, Israel, and the United States. The lessons highlight the pitfalls of imitating models of government interventions from innovative countries without having adequate systemic governance and institutional reforms. They underscore the need for intensified international R and D collaboration and foreign R and D investment to...
