FUNDAMENTALS OF MARKETING (PAPERBACK)

Oxford University Press, United Kingdom, 2017. Paperback. Condition: New. Language: English . Brand New Book. Do you want to know how a traditionally French brand expands into an international market, how a department store can channel its business online, or how any organization can incorporate social media into their communication campaigns? What can you learn from these practices, how do they incorporate sustainability and ethical practice, and how could it influence your career, whether in marketing or not? Incorporating the big brand case studies, unique expert insights, and engaging learning features of the best-selling *Marketing* by Baines, Fill, and Rosengren, *Fundamentals of Marketing* is the most complete resource for students looking for a briefer guide to help build their theoretical understanding of marketing into skilful practice. Covering the most essential theories and latest trends, this book take you from the traditional marketing mix to the cutting-edge trends of the discipline, with a particular focus on sustainability, ethics, and digitalization. With cases featuring international companies such as YouTube, Kopparberg, and Nestle, and exploring issues such as greenwashing, guilt appeals, and responsible branding, the book goes beyond marketing theory to illustrate marketing at work in the business world, and how it can be used to promote a company s success. Review and discussion questions conclude each chapter, prompting readers to examine the themes discussed in more detail and critically engage with the theory. Links to seminal papers throughout each chapter also present the opportunity to take learning further and read in depth on selected topics. A fully integrated Online Resource Centre allows you to learn from real-life marketers whose video interviews expand on the book s Case Insights to offer a more in-depth view of their world. From Withers Worldwide to Aston Martin, Lanson International to Spotify, household names as well as...
