Createspace Independent Publishing Platform, United States, 2016. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.We are members of a species that is a global society of Human Beings, yet we separate ourselves according to often ancient cartographical designations. We seem to kill ourselves in droves because of these imaginary lines, despite our daily understandings eye-to-eye face-to-face. We must remove ourselves from these other imposed paradigms become in practice the single species that We are. We do this by beginning such a shift internally, allowing for a certain positivity optimism to permeate our beings until it then affects our daily Lives, our households, our villages, neighborhoods towns, our cities, our states, our countries, our continents. Only then will We be unified as one, We will no longer concern ourselves with foes, as the only foe We see will be the one that has always been the dominating force of evil in this world: the foe that lives in all our hearts: one that teaches us of selfishness, of greed, of malice, jealousy, deceit. Radio for the Blind is a serial written as a message in communication to the members of the Global South. The Global South is comprised of the impoverished People of the world. Our planet currently perpetuates a system that is designed to keep the impoverished subservient downtrodden; this system is prolonged by the acceptance participation of the People. Freedom from this system will be difficult, but not impossible. We must have Hope. We must have Love.
