

Contemporary Political Theory: New Dimensions, Basic Concepts and Major Trends

Filesize: 2.18 MB

Reviews

These sorts of book is the perfect book accessible. It is amongst the most amazing book i have got read. I found out this ebook from my i and dad advised this book to find out.

(Mr. Mustafa Sanford IV)

CONTEMPORARY POLITICAL THEORY: NEW DIMENSIONS, BASIC CONCEPTS AND MAJOR TRENDS

DOWNLOAD

Sterling Publishers UK Limited, Berkshire, UK, 2012. Soft cover. Book Condition: New. Political theory, generally identifiable with as well as distinguishable from other related themes like political thought, political philosophy, political ideology, political inquiry, political analysis and the like, is by all means the most encompassing intellectual activity. But it remained in a beleaguered state in the twentieth century owing to the impact of many currents and cross-currents inspired by the conflicting interpretations and affirmations of the writers belonging to different schools of thought. In its contemporary form, it is both Liberal and Marxist, empirical and normative, Western and non-Western, irrespective of the fact that the former aspect outweighs the latter. What is, however, significant is that its study is being revisited in the light of new socio-economic developments occurring all over the world as well as in response to the more subtle intellectual trends unrelated to Political Science as customarily defined. Most of its themes (like liberty, equality and justice) have been revised in the light of such developments and many new themes (such as feminism, terrorism and multiculturalism) have found their place in it. The very concept of the nation-state with sovereignty as its essential attribute is in the process of transformation in the age of globalisation and liberalisation. It has become more diffused and fragmented in the twenty-first century. Page Extent: 776.
