Spon Press. Hardcover. Condition: New. UNUSED, LIKE NEW, NOT EX-LIBRARY, 1160 pages. Spon's Architects' and Builders' Price Book 2003 is the most detailed, professionally relevant source of construction price information currently available anywhere. With competition growing fiercer throughout the industry and with increasing pressure to obtain a 'competitive advantage', the A& B's unique tender index will be more valuable than ever before. This is the only price book that publishes details of its cost base in such a way that it can be adjusted to allow for market conditions that affect building prices. A separate minor works section on coloured paper covers contracts of around u65,000 in value. The A&B comes with a 'free' CDROM that enables the reader to view the entire book on screen, cut and paste prices into other tender documents, export to other major packages, perform simple calculations, index search, produce estimate and tender documents, adjust rates and data. This complete package now means that Spon's Architects' and Builders' Price Book for 2003 is now better than ever and is a resource that no building firm, surveyor or architect should be without. New Features for 2003: A new section on the Aggregates Tax A revamped and more extensive section on Capital Allowances A new section on Part L of the Building Regulations and its impacts upon costs New items including: Disabled fixtures and fittings (reflecting their increased use due to the Disability Discrimination Act) Glazed curtain walling Plastics curtain walling Facing brick tiles (a new product launched on the market by ibstock) MDF skirtings, architraves etc. Plasterboard partitions More suspended ceilings.
