LAND OF THE NUGGET; WHY? (CLASSIC REPRINT) (PAPERBACK)

Forgotten Books, 2018. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. Excerpt from Land of the Nugget; Why? The present physical conditions of the earth, as I understand them, are not accidental in any sense. As the lily and the rose have a beginning and a subsequent career responsible to conditions inexorable and despotic, so a world starts on its eternal round under the ministration of law, and the most subtle variations in the results of the primal impress of potencies can be but responses linked in everlasting union. This being the case, in order to follow up the grand progression of conditions in world evolution, as planned by the Infinite Mind, it is preeminently essential that we should know what the primal conditions of the earth were. Then knowing these conditions and knowing the law regulating them, we can at least hope to erect a theory that will not fall - a glory that cannot die. Until we can plant our feet on this rock we must admit that we are floating at sea. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books.
