Cool Architecture: 50 fantastic facts for kids of all ages (Paperback)

By Simon Armstrong

PAVILION BOOKS, United Kingdom, 2016. Paperback. Condition: New. Language: English . Brand New Book. Want to know more about the buildings around you? Can't tell a Doric from a Corinthian column? Interested in how the Egyptians built the pyramids, and how on earth a dome stays up? Then this book is for you. Packed with absorbing facts and quirky illustrations, Cool Architecture tells you everything you need to know about architecture around the world, from the simple dwellings created by the earliest humans to today's most innovative buildings, via forbidding medieval strongholds, great 18th-Century palaces and the classic Art Deco skyscrapers of New York. Learn about the great architectural movements and the personalities that created them, and explore the most iconic buildings in the world, from the Parthenon in Greece to the (current) world's tallest skyscraper, the Khalifa Tower in Dubai. This book is a perfect introduction to what's cool about the fascinating world of architecture. Word count: 20,000.

Reviews

Without doubt, this is actually the best job by any publisher. It is written in basic phrases instead of difficult to understand. You will like the way the author publishes this publication.

The best ebook I possibly read. I have gone through and I am also sure that I am going to plan to read once again again later on. It has been printed in an extremely simple way which is simply after I finished reading through this ebook by which basically changed me, altered the way I really believe.
