

Whispers of the Stones (Paperback)

By Loretta Jackson, Vickie Britton

Amazon Publishing, United States, 2012. Paperback. Condition: New. Reprint. Language: English . Brand New Book. Sheriff Jeff McQuede finds Bartering Bill Garr murdered at his rural antique store. Only one item is missing -- a rare artifact believed to be the Pedro Mummy. First discovered in a cave in Wyoming, the Pedro Mummy was reported missing in the 1950s. Dr. Seth Talbot, newly arrived in town, has put out a fifteen-thousand-dollar reward for any information on the mummy, hoping that modern technology will prove his theory that a tiny race of people actually existed: one the Shoshones call the Nimerigar, or Little People. McQuede is astounded to find the mummy in the trunk of Seth Talbot's car. Talbot swears he's being set up by rival co-workers -- Dr. Arden Reed, in particular -- who plans to benefit from his research. McQuede suspects the theft of the mummy is a red herring used to cover up the true motive for the crime. The closer he comes to the truth, the deeper McQuede is drawn into an elaborate hoax that threatens his career and places him in grave danger.
