

Organic Marxism: An Alternative to Capitalism and Ecological Catastrophe (Paperback)

By Dean of Claremont School of Theology Philip Clayton, Justin Heinzekehr

Process Century Press, United States, 2014. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. This revolutionary book fuses the enduring legacy of socialism-government for the common good-with the best of the environmental movement and the newest insights from sustainability studies. The result is a manifesto in the tradition of Bill McKibben's Eaarth-a roadmap forward in the face of the growing environmental catastrophe, which is the most complex crisis humanity has ever faced. Catherine Keller writes, What an unexpected, discomfoting and important work! If Marxism seemed to be abandoned in the West to a few academic leftists and nostalgic activists, the authors bring it roaring back into relevance. American conservatives like to say that Marxism was destroyed by its opponents and by the mistakes of Marxist governments. Organic Marxism provides the definitive answer to this charge. New economic evidence reveals that Marx's predictions are coming true in ways once thought impossible. Today the wealthiest class, the richest 1%, possesses more wealth and power than ever before, whereas the 99 are slipping economically, and the majority of humans live in increasing poverty. Above all else, the global environmental crisis changes everything. Clayton and...

Reviews

A must buy book if you need to adding benefit. It really is simplified but unexpected situations in the 50 percent of your book. Its been developed in an exceptionally straightforward way and it is merely soon after i finished reading through this pdf where in fact transformed me, modify the way i think.

-- Dalton Mertz

A top quality ebook as well as the typeface used was interesting to see. It usually fails to charge an excessive amount of. Once you begin to read the book, it is extremely difficult to leave it before concluding.
