

Place and Placelessness Revisited (Paperback)

Filesize: 1.89 MB

Reviews

*The ideal pdf i at any time go through. It can be loaded with knowledge and wisdom Its been developed in an exceedingly straightforward way and it is just soon after i finished reading through this pdf by which basically altered me, affect the way i really believe.
(Seth Treutel II)*

PLACE AND PLACELESSNESS REVISITED (PAPERBACK)

Taylor Francis Inc, United States, 2017. Paperback. Condition: New. Language: English . Brand New Book. Since its publication in 1976, Ted Relph's *Place and Placelessness* has been an influential text in thinking about cities and city life across disciplines, including human geography, sociology, architecture, planning, and urban design. For four decades, ideas put forward by this seminal work have continued to spark debates, from the concept of placelessness itself through how it plays out in our societies to how city designers might respond to its challenge in practice. Drawing on evidence from Australian, British, Japanese, and North and South American urban settings, *Place and Placelessness Revisited* is a collection of cutting edge empirical research and theoretical discussions of contemporary applications and interpretations of place and placelessness. It takes a multi-disciplinary approach, including contributions from across the breadth of disciplines in the built environment - architecture, environmental psychology, geography, landscape architecture, planning, sociology, and urban design - in critically re-visiting placelessness in theory and its relevance for twenty-first century contexts.
