Forgotten Books, United States, 2015. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. Excerpt from Annual Report: July 1, 1971 Through June 30, 1972 During the past year, the National Eye Institute has completed recruitment of key personnel in both collaborative research and program planning. As a result, consultants from the vision research community and NEI staff have developed a special initiative program in glaucoma to begin applying laboratory knowledge to clinical problems. This collaborative effort will be extended in the future to retinal disease, corneal disease and cataract. After two and one-half years, the NEI is now a fully constituted, free-standing Institute and is in a position to embark upon a major expansion and strengthening of vision research.
