Createspace, United States, 2012. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. We start from the idea that humanity is moving to a great change of its life which will even lead to a new life of the race, - in all countries where men think, there is now in various forms that idea and that hope, - and our aim has been to search for the spiritual, religious and other truth which can enlighten and guide the race in this movement and endeavour. . As man arose out of animal, so out of man superman shall come, said Sri Aurobindo. Overman is a metaphysical book which dwells upon the concept of the ultimate progression of man into a highly enlightened species called the supramental being, towards which, the author says, the intermediary stage (the Overman) has already been reached. Contrary to established mystical or religious concepts, Sri Aurobindo s quest is not for a next evolutionary stage in some beyond, but right here on Earth.
