Tellus Nova (Paperback)

By Marcos

Createspace Independent Publishing Platform, United States, 2016. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.The culmination of ten years of development through experience, observation, and discussion, this book reflects an ideology composed of a philosophy, social model, and methodology that had previously been kept secret. Within this book, you will find a brief and humble examination of human nature, reason, enlightenment, existential thought, moral conduct, metaphysics, and naturalism. From this examination, you will see what type of societal model has been interpreted from this philosophy and from nature itself. Finally, you will see how this philosophy and societal model fit into conventional sociopolitical paradigms. The philosophy is one derived through logical extrapolation and objective understanding. The societal model is derived from the philosophy, and the natural states of self-determination, liberty, and truth. The methodology derives from the combined understanding of philosophical idealism and social pragmatism. In its holistic totality, this ideology served as the blueprint of an organization focused on one ultimate goal: the establishment of an entirely new civilization and way of life, one that had the potential to span the stars and withstand the tests of time. To do this, one element...
