# The Art of History: Unlocking the Past in Fiction and Nonfiction (Paperback)

Filesize: 7.74 MB

Reviews

This pdf is definitely not easy to get started on studying but quite entertaining to read through. I am quite late in start reading this one, but better then never. Once you begin to read the book, it is extremely difficult to leave it before concluding.
(Ms. Fatima Erdman)

Graywolf Press, United States, 2016. Paperback. Condition: New. Language: English . Brand New Book. One has to look no further than the audiences hungry for the narratives served up by Downton Abbey or Wolf Hall to know that the lure of the past is as seductive as ever. But incorporating historical events and figures into a shapely narrative is no simple task. The acclaimed novelist Christopher Bram examines how writers as disparate as Gabriel Garcia Marquez, David McCullough, Toni Morrison, Leo Tolstoy, and many others have employed history in their work. Unique among the Art Of series, The Art of History engages with both fiction and narrative nonfiction to reveal varied strategies of incorporating and dramatizing historical detail. Bram challenges popular notions about historical narratives as he examines both successful and flawed passages to illustrate how authors from different genres treat subjects that loom large in American history, such as slavery and the Civil War. And he delves deep into the reasons why War and Peace endures as a classic of historical fiction. Bram s keen insight and close reading of a wide array of authors make The Art of History an essential volume for any lover of historical narrative.
