MACHINE LEARNING WITH MATLAB. SUPERVISED LEARNING AND REGRESSION (PAPERBACK)

Createspace Independent Publishing Platform, 2017. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. Machine learning teaches computers to do what comes naturally to humans: learn from experience. Machine learning algorithms use computational methods to learn information directly from data without relying on a predetermined equation as a model. The algorithms adaptively improve their performance as the number of samples available for learning increases. Machine learning uses two types of techniques: supervised learning, which trains...

Reviews

This is basically the very best book we have go through until now. I have got read and i also am confident that i am going to go nna study once again again in the future. I am just very happy to inform you that this is basically the very best ebook we have read inside my own life and might be he very best publication for at any time.

-- **Angus Hickie**

A brand new e book with an all new standpoint. it was actually writtem very properly and beneficial. I am just very easily will get a satisfaction of studying a composed publication.
