CRASH AT CORONA: THE U.S. MILITARY RETRIEVAL AND COVER-UP OF A UFO - THE DEFINITIVE STUDY OF THE ROSWELL INCIDENT

[DOWNLOAD](#)

Cosimo Books. Hardcover. Condition: New. 256 pages. Dimensions: 9.1in. x 6.1in. x 0.9in. IF UFOS DONT EXIST, THEN THEY CANT CRASH. But something did crash near Corona, a tiny town not far from Roswell, New Mexico, in 1947. And that crash has been dissected and debated ever since. Aviationscience writer Don Berliner and nuclear physicist Stanton Friedman, the original civilian investigator of the so-called Roswell incident, have delved into the controversy to find the truth. They sifted through once-classified government documents, interviewed military and civilian witnesses, pieced together evidence, considered alternative theories, and concluded that a UFO crashed near Corona-and the U. S. government knew it and covered it up. Crash at Corona proves that what was found in the New Mexico desert wasnt a weather balloon or a secret weapon-it was a UFO. One of the more credible books arguing the existence of UFOs. . . Most arresting of all is the testimony of those who handled the debris, who had no opportunity to compare notes, yet have described the materials . . . in almost identical language. -Publishers Weekly DON BERLINER has written more than 300 magazine articles and 25 books on aviation history and space and was also a staff writer for the National Investigations Committee on Aerial Phenomena (NICAP). He is board chairman of the non-profit Fund for UFO Research, Inc. , and is a delegate to the UFO Research Coalition. STANTON T. FRIEDMAN is a nuclear physicist who has worked for General Electric, General Motors, Westinghouse, and other corporations. He is also the author of TOP SECRETMAJIC and has appeared on Larry King, Unsolved Mysteries, and Nightline, and was involved with the documentaries UFOs Are Real and Flying Saucers Are Real. He was the final speaker at the fiftieth anniversary conference at the International UFO Museum...
