

# New Elements of Optics. Part IV, V, and VI. Containing the Theory of Catoptrics and Dioptrics Deduced from Physical and Mathematical Principles; And It Application to the Construction and Uses of Optical Instruments

Filesize: 1.84 MB

## **Reviews**

*This is basically the finest publication i actually have go through till now. We have read and i also am confident that i am going to likely to read through again once more in the foreseeable future. It is extremely difficult to leave it before concluding, once you begin to read the book.*

Gale Ecco, Print Editions, United States, 2010. Paperback. Book Condition: New. 189 x 246 mm. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.The 18th century was a wealth of knowledge, exploration and rapidly growing technology and expanding record-keeping made possible by advances in the printing press. In its determination to preserve the century of revolution, Gale initiated a revolution of its own: digitization of epic proportions to preserve these invaluable works in the largest archive of its kind. Now for the first time these high-quality digital copies of original 18th century manuscripts are available in print, making them highly accessible to libraries, undergraduate students, and independent scholars. Medical theory and practice of the 1700s developed rapidly, as is evidenced by the extensive collection, which includes descriptions of diseases, their conditions, and treatments. Books on science and technology, agriculture, military technology, natural philosophy, even cookbooks, are all contained here.++++The below data was compiled from various identification fields in the bibliographic record of this title. This data is provided as an additional tool in helping to insure edition identification: ++++British LibraryT025338With a half-title. Internal evidence suggests a date of not before 1765 or after 1773; London streets were numbered in the middle of the 1760s; and the final page advts last line has book title including date June 6, 1761 ; the same advts include InstiLondon: printed for, and sold by the author at no 171 in Fleetstreet, and by all booksellers in city and country, [between 1765 and 1773?]. vi, [2],131, [1]p., plates; 8.
