Inner Traditions Bear and Company, United States, 2006. Paperback. Condition: New. Original ed.. Language: English . Brand New Book. Explores the influence of Neanderthal man on the cultural and biological development of humanity - Traces the power of long-held beliefs and superstitions to the influence of Neanderthal lunar and dream-based traditions - Offers a compelling vision of a unified humanity that can benefit from the gifts of both its Neanderthal and Cro-Magnon ancestors - Provides evidence that direct descendants of the Neanderthal race may still be alive in Central Asia A number of long-standing beliefs and superstitions show how the ideas that dominated the lives of our ancestors still have a powerful influence on us today. There is evidence that direct descendents of the moon-worshipping, dream--cultivating Neanderthal race are still living in Central Asia today. While their physical descendants may be almost extinct, the influence of Neanderthal wisdom remains strong and can be found not only in witchcraft lore and the Kabbalah, but in the formative tenets of the Knights Templar, the Rosicrucians, and even...
