Date :2010-8-1. In recent years, as economic globalization and regional economic integration and further development of international industrial transfer and flow of production factors also accelerated the pace of China's foreign trade seize the hard-won strategic opportunity to transform economic growth mode. At the same time, the export trade in a number of problems have become increasingly prominent. from the trading power and the scientific development concept, there are many gaps. Commodity inspection and quarantine as an important part of foreign trade is a policy, technical, strong foreign work, and our ability to successfully engage in foreign trade business are closely related. In order to better implement the State Council's decision to vigorously develop vocational education, spiritual training for the production, construction, service and management needs of first-line inspection industry, highly skilled foreign professionals to promote curriculum development and reform, strengthen the teaching materials, to help students adapt to the new vocational college situation, knowledge of the latest inspection and quarantine the practice and master the appropriate skills, the Ministry of Finance National Finance organization engaged in foreign trade inspection class vocational college teaching for many years, and has extensive practical experience teachers in the prepared materials. Contents: Chapter I China Entry-Exit Inspection and Quarantine of Entry-Exit Inspection and Quarantine of the general provisions of Section II of the work content of China's entry-exit inspection and quarantine inspection and quarantine procedures Section IV unit inspection and quarantine inspection report inspector Chapter exit inspection and quarantine registration section for approval applications for various types of import and export goods labels the compulsory product certification application Section II Section III Section IV application for...
