## Hand Coding Coded UI: An Evaluation Journey from Inception to Completion (Paperback)

By G. Suden

Createspace, United States, 2017. Paperback. Condition: New. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.This book is aimed at testers who want to try their hands at automated testing using Coded UI, which is available as part of Microsoft(R) Visual Studio(R) (Enterprise Edition). Coded UI has empowered developers and automation testers to work using the same automation tool and language, hence enabling them to collaborate more efficiently and effectively. Moreover, Coded UI can be used for both Web and Windows-based Applications which enables automation testers to devise a single Automation Framework that reuses common code and libraries. This book provides a step by step guide that will teach you how to setup the Automation Framework from scratch using Coded UI. It includes complete listings of the hand coded automation code for the demo Website, Windows-based applications (Windows Forms and WPF Applications) and Web Service that have been developed for you to test against. The code listings explain the logic of individual tests, repositories and generic functions. The hand coding approach used in this book can be applied to any project which aims to use Coded UI as the test automation tool. In this book, you will: Learn...
