

The Knights Templar in the Golden Age of Spain: Their Hidden History on the Iberian Peninsula (Paperback)

Filesize: 9.23 MB

Reviews

An incredibly awesome publication with perfect and lucid reasons. It can be written in simple phrases and not confusing. I am just delighted to let you know that this is actually the very best publication I actually have studied during my very own lifestyle and could be the best publication for actually.

THE KNIGHTS TEMPLAR IN THE GOLDEN AGE OF SPAIN: THEIR HIDDEN HISTORY ON THE IBERIAN PENINSULA (PAPERBACK)

Inner Traditions Bear and Company, United States, 2006. Paperback. Condition: New. Translation. Language: English . Brand New Book. A thorough examination of the history of the Templars in Spain and Portugal - Explores the mysteries surrounding the location of Templar enclaves - Examines the Templar connections to the Cathars and to the troubadour culture - Looks at the Order s influence in the kingdoms of Aragon and Catalonia and the Spanish monarchy itself The rise and fall of the Templar Order constitutes a fundamental and decisive episode in medieval history, and the destruction of the Order constitutes a pivotal point that fundamentally altered the direction of society. While much is known about the history of the Templar Order in France, home of its chief commandery in Paris, and in the Latin States of the Middle East, their contribution to events on the Iberian peninsula has until now remained obscure and unexplored. Renowned Templar scholar Juan Garc-a Aienza reveals here the important role the Templars played in the Reconquista that saw the Moors driven out of Spain and demonstrates the great influence they exerted in the kingdoms of Castille and Navarre and the territories of Catalonia and Aragon. He examines the mysterious connections between the Templars and the Cathars and troubadours as well as the mystery surrounding the location of all the Templar enclaves in the Iberian peninsula. He also unveils the important role the Templars had as teachers of the Spanish king James I, known as the Conqueror, whose attempt to establish a universal theocratic empire may have been a reflection of Templar ambitions, and explores the Order s suppression in Spain and how it survived in Portugal by simply changing its name.
