

Report of the fourth session of the Scientific Advisory Group [of the Western Central Atlantic Fishery Commission]: Marida, Mexico, 2-4 April 2007 (Paperback)

By Food and Agriculture Organization of the United Nations

Food Agriculture Organization of the United Nations (Fao), Italy, 2007. Paperback. Condition: New. Language: English . Brand New Book. Major topics discussed during the session were: the state of fisheries in the WECAFC region; the status and trends of fisheries and aquaculture; the decisions of the twenty-seventh session of the Committee on Fisheries (COFI) and the twelfth session of WECAFC; intersessional activities and projects; factors of unsustainability and overexploitation in marine fisheries; fisheries social science; and coordination and collaboration in fisheries science in the region. The decisions of the twenty-seventh session of COFI have implications for the work of WECAFC, especially in areas such as small-scale fisheries, subsidies, marine protected areas and bycatch reduction.

Reviews

This publication will never be effortless to get started on reading through but very entertaining to read through. It normally is not going to expense too much. I discovered this publication from my dad and i encouraged this book to find out.
