Createspace Independent Publishing Platform, 2017. Paperback. Condition: New. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*. If Paulo Coelho and J.Cole wrote a book together, it would sound like this. Dreamy fiction meets Rap. Punch lines and poetry till you re lost inside a bird trap. It s the kind of story most people don t write. It s fragmented, spaced out and unhinged, like real life - but still sails you home in a wonderful way. You will wish more stories were written this way. This beautiful narrative is infused with influences from Jazz and Hip-Hop and visions of a sweet paradise that the story ultimately leads us to. Child of Earth is a poetic adventure that takes you across layers of poems and short stories, leading you to a mystical and metaphorical island. In this location you ll find a house full of rooms, a haven for weary and worn out souls, traveling across the ocean of the world. It is here where the most important stories are told and the smoke of life clears up. The wanderer has found a home. Life is an album of diverse experiences, Child of Earth is the wisdom that unifies them into one story with lyrics that you won t forget. This book hits home and it will take you there at the same time. The backstory: It was a long year of trying to catch the next spark. Wherever it would pop. To see what new things life teaches me and try to learn how to live, mentally and spiritually. I guess you could say this was about growing and making memories. I had no idea what I was going for, I only knew it was going to end with a story about coming to a land..
