Estimation of Heritability and Genetic Advance for
Yield and Yield Related Traits in Bread Wheat

Condition: New. Publisher/Verlag: LAP Lambert Academic Publishing | Estimation of Heritability and Genetic Advance for Yield and Yield Related Traits in Bread Wheat | Need for the improvement in wheat yield is increasing continuously due to day by day increase in human population on the same land. This challenge is much greater in the developing countries than the developed world. Many breeding programs are based on selection of desirable parents for hybridization that s the main source to create genetic...
