New Holland Publishers Ltd, United Kingdom, 2003. Paperback. Condition: New. Language: N/A. Brand New Book. It is now a widely accepted practice to treat the garden as another room, with carefully considered surfaces and special, large, structural plants, such as palms, topiarised boxes and exotic shrubs, to achieve volume, form and drama in the garden. This beautifully illustrated and authoritatively written new book assumes no prior knowledge of garden design or plant cultivation, and looks at a variety of different ways of bringing shape, style and life into the garden. Over 100 stunning photographs illustrate an informed text which covers both plants and sculptures. A useful plant directory gives care instructions and preferred growing conditions for all the plants mentioned in the text.
