The Physics and Sciences of the Holy Trinity: ONE GOD! is a comparative analysis between the known sciences and Bible scripture. This study reveals how God, the master scientist, used His created laws of science to manifest His triune nature to us. Scientific plausibility is revealed for a literal six day creation and a young Universe. This book builds Christian faith for a new Heaven, new Earth, and immortal bodies. This work demonstrates how the Bible gives credibility to current scientific theories and vice versa. Reading these pages you will discover how bible scripture supports many scientific assertions. People who read this novel are pleasantly startled and exclaim that they have never thought of life in this way before. This is an inspiration of the divine because it presents scientific based hope of life forever with miraculous purpose. This novel will open the flood gates of discovering exciting new ways of thinking and speaking that will usher in a new era of doing greater works than Christ Jesus did (John 14: 12). Creation evidence is scientifically verifiable and mathematically sound. Christianity is evidence-based not blind faith. All of creation displays order and pattern that is intelligently designed, and does so with purposeful super complexity that defies human understanding. This textbook uses the same body of techniques used in the scientific method of investigation. Pure science and easy to understand. A learning teaching tool. Discover why our good God allows pain, evil, and a multitude of opposites, why we experience a fallen Earth. Picture graphic with 100 images. This item ships from La Vergne, TN. Paperback.
